

WILL WAR ON BURLESON

Congress Is Sick and Tired of His Autocratic Methods

A REAL FINISH FIGHT IN PROSPECT

Talk of Holding Up the Whole Postoffice Measure

Washington, May 4.—Matters have come to a climax between Postmaster General Albert S. Burleson and the Senate.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage MUSTEROLE in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

And there is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

AVOID SPRING ILLS

Purify and Build Up the Blood with Hood's Sarsaparilla

In the spring your blood needs cleansing and enriching. You feel poorly, and there is more or less eruption on your face and body. Your appetite is not good, your sleep is broken, and you are tired all the time.

You need Hood's Sarsaparilla. It is the one safe and effective tonic that has stood the test of forty years. It makes the pure, red blood that will make you feel better, look better, eat and sleep better. It is the old, standard, tried and true, all-the-year-round medicine for the blood and the whole system.

Ask any druggist for Hood's Sarsaparilla, and insist on having it. Nothing else acts like it, for nothing else has the same formula or ingredients, and so there is no real substitute. Get it today.—Adv.

ate committee on postoffice and post roads—which virtually means Congress, for Democratic and Republican members alike have been "laying for" the autocratic cabinet officer and will welcome a test of strength. This sensational situation has been precipitated over the pneumatic mail tube contracts, but the action of the postmaster general in this case is only one in a long line of incidents which have compelled congressmen to realize that the postoffice department will run all over them unless a halt is called. The efforts of the postmaster general to drive an unfair railway mail pay bill through Congress were preceded by his arbitrary reorganization of rural routes in such a manner, congressmen charge, as to cripple the service of their districts and embarrass them with their constituents without any corresponding benefit to anything but the bookkeeping accounts in the postoffice department. Over these sheets, it may be needless to say, congressmen are not notoriously concerned. The ugly situation between the postmaster general and the committee of which Senator Bankhead of Alabama is chairman, has been shaping up for a long time, or since the postmaster general in the last Congress ignored the recommendations of the House committee, of which Senator Bankhead and Senator Weeks of Massachusetts, both on the postoffice committee, were members, and sent up a railway mail pay bill of his own with orders to pass it. This measure, known as the Moon bill, retained the structure of the Bourne scheme but arbitrarily established rates of compensation materially lower than those proposed by the Bourne commission. The bill went through the House as a rider on the general appropriation bill in the last session and the same trick was worked successfully this year. Senator Bankhead has a railway mail pay bill of his own before his committee, which Postmaster General Burleson is doing his best to kill. Naturally the legislative branch objects to dictation by the executive. The railroads have appeared in force before the Senate committee in opposition to the Moon bill and have urged that the whole subject of railway mail pay be referred to the interstate commerce commission, a suggestion with which a majority of the committee probably are in sympathy, but which Mr. Burleson bitterly opposes.

MAKES FLESH AND STRENGTH

Father John's Medicine contains the exact kind of tissue building food needed by those who are thin, weak and run down. It makes flesh.

No Alcohol or Dangerous Drugs

DOWNS EAST RIVER PLAN

Senate Commerce Committee Is Against the President

WOULD HAVE THE MEASURE WITHDRAWN

Civilians Begin Training in Georgia Camp in Preparedness Program

Washington, May 4.—The \$300,000 appropriation for a 35-foot channel in the East river to the New York navy yard, approved by President Wilson as a preparedness measure and agreed to by the House, was disapproved yesterday by the Senate commerce committee, and a report probably will be made to-day recommending that it be stricken from the rivers and harbors bill. The East river project was the only new one in the House bill and the president, through Secretary Tumulty, expressed the belief that the House committee might modify its decision not to recommend new projects because of the project's preparedness value.

\$3,500,000 FOR DRYDOCKS.

Appropriation for Philadelphia and Norfolk Navy Yards Included.

Washington, May 4.—Appropriations of \$3,500,000 each for new drydocks at the Philadelphia and Norfolk navy yards that will be able to accommodate the largest ships in the navy, were included in the naval appropriation bill yesterday by the House naval affairs committee.

VOTE NEXT WEEK ON BRANDEIS NOMINATION

Decision Follows Two-Hour Session of Senate Judiciary Committee.

Washington, May 4.—Senators supporting Louis Brandeis for the supreme court said yesterday after a two-hour session of the judiciary committee that a vote would be taken on the nomination next week. There was a general understanding an agreement would be reached Monday for a voting day.

TAKE UP SHIP BILL NEXT.

President Urges Prompt Action By House on Administration Measure.

Washington, May 4.—Chairman Adamson of the House interstate commerce committee discussed the administration shipping bill with President Wilson yesterday, and it was decided to make an effort to get the measure before the House as soon as the Philippine bill is disposed of. The president urged prompt action.

ASKS INCOME TAX INQUIRY

Keating Resolution Calls on Secretary McAdoo to Furnish Statement.

Washington, May 4.—Secretary of the Treasury McAdoo is directed to furnish Congress with a statement showing "whether or not \$320,000,000 is being annually withheld from the treasury by income tax frauds and evasions," in a resolution offered in the House yesterday by Representative Edward Keating of Colorado.

McAdoo, by the same resolution, is asked why he has not recommended to the president that all income tax returns be made public, in order that fraud may be checked. The law provides the president may order such publicity, on recommendation of the secretary.

Keating said he based his resolution on charges by Basil M. Manly, who was chief investigator for the industrial relations commission. Manly in published statements in papers throughout the country, has declared \$401,230,000 should be received annually from the income tax, instead of the \$80,190,000 actually collected.

SAVE YOUR HAIR AND KEEP YOUR JOB

Says Men Are Paying More Attention to Hair Than Ever Before

Tens of thousands of men are losing their hair daily and ignoring the fact. Many a man has lost his job because he lost his hair.

Dust and dirt, make dandruff and dandruff makes heads bald and bald heads are the first to go when business is poor.

Wash your hair at least once a week with any pure soap and frequently apply Parian Sage, rubbing it thoroughly into the scalp.

Parian Sage will save your hair and promote a healthy growth; it quickly removes every trace of dandruff, banishes scalp itch and makes your head feel fine.

The cost of a large bottle is trifling, but the benefits are very great, as every druggist well knows. The Red Cross Pharmacy cheerfully guarantees Parian Sage to you.—Adv.

CONSCRIPTION BILL BEFORE PARLIAMENT

Measure Provides That Men Declared Unfit Must Be Re-examined—Also Extends to Married Men.

London, May 4.—The new military service bill, extending conscription to married men, was introduced in the House of Commons yesterday afternoon. In addition to calling to the colors all time-expired men, the measure provides that men who have previously been declared unfit for military duty must be re-examined.

GIRL SAW FOUR ROBBERS.

Who Blew Postoffice Safe and Stole \$500 at Milan, N. H.

Berlin, N. H., May 4.—Four masked men blew the postoffice safe at Milan and escaped with \$500 in cash. They were undisturbed, even after the explosion, which was heard all over the village. A telephone girl saw the four men hurrying away several hours later. The Berlin police were notified. There is no trace of the robbers.

BASEBALL NOTES

Prominent buildings in Chicago are to have flags displayed to indicate whether the game scheduled for the Cubs on that particular afternoon is to be played. Charles Weeghman, whose idea it is, no doubt hopes to display a different sort of a flag at the end of the season.

Three Giants are kept on the injured list which the club is allowed to carry outside the 21-player limit. Lew Wendell, catcher, Hans Lobert and Ferd Schupp, pitchers, are the men.

Carrigan has made an offer to Bugs O'Connor, pitcher of the Manhattan college team. O'Connor has excellent speed and control and has had four years' experience with the Manhattan team.

The Sunday game at Bridgeport was the first game played on the Sabbath in which a league team representing Portland, Me., ever participated.

The Giants' games are to begin at 3:40 o'clock from now on instead of 3:30, as formerly. The Giants apparently believe in a late start in more ways than one. At least they are being consistent.

A trolley strike in Pittsburgh threatens to be the cause of calling off some of the Pirates games slated for Forbes field.

Although Benny Kauff of the Giants is admitted to be a first class ball player, it is not yet certain that he is the equal of George Burns, Zach Wheat or Max Carey as an outfielder of all-round value to his club.

Hal Chase is rapidly becoming as popular with the fans in Cincinnati as he was once with the fans on the Hilltop.

Meyer, the young substitute for Wal, Schang of the Athletics, is showing up well. It looks as if Connie had handed another good youngster.

Graney, Speaker and Roth combine to make one of the speediest outfielders in the country, for the Cleveland club.

Eddie Ainsworth is catching a fine game for the Senators. Griff tried to sell him before the season opened but did not get an offer.

Wildness on the part of the Cincinnati pitchers seems to give that team a lot of trouble in keeping up. Hard hitting is necessary to overcome the handicap of passed men on their opponents' side.

Joe Connolly is still a Brave, though rumor had him joining the Reds.

CHROMIUM IRON ORE.

Production and Value Greatly Increased in 1915.

Chromium is a metal which when alloyed with steel gives to it hardness and toughness that make it useful in the manufacture of automobile steels, armor plate, armor-piercing projectiles, the shoes and dies of stamp mills, and tires for rolls used in crushing ore; tool steels; and in other steels to which it is desired to give hardness and toughness.

The huge orders placed in this country for war materials have not only resulted in a great demand for chromium steels to be used directly for purposes of war, but have led to the increased manufacture of special steels for cutting shells, rifle barrels, and other instruments of war, and are reflected in increased metal mining and greater consequent use of chromium steels for crushing machinery.

Practically the only mineral used as a source as chromium is chromite iron ore, known as chromite. Chromite is largely imported, but importations have been much interrupted by the war, and as a result the production of chromite iron in the United States was last year greatly increased. Unfortunately for the consumers, nearly all of whom are east of the Mississippi, the production in the United States is wholly in California and to reach the greater market it has to be transported across the Rock mountains and Great Plains.

At the end of the long haul, under ordinary conditions, it must compete with imported ore. However, there has been a sufficient decrease in freight rates to encourage production, and this with the irregularity of imports greatly encouraged the mining of the California ore in 1915.

According to J. S. Dudley, of the United States geological survey, whose report is now in press, the chromite ore market in 1915 amounted to 3,291 long tons, valued at \$28,744. In 1914 only 291 long tons, valued at \$8,715, was sold.

ANNOYING KIDNEY ILLS

Make Life Miserable for Many Barre People

There's nothing more annoying than kidney weakness or inability to properly control the kidney secretions. Night and day alike, the sufferer is tormented, and what with the burning and scalding, the attendant backache, headache and dizziness, life is, indeed, a burden. Doan's Kidney Pills have given peace and comfort to many Barre people. Profit by this Barre resident's experience.

Frank E. Adams, 47 Elm street, Barre, says:

"I have used Doan's Kidney Pills, and they have proved a valuable medicine. For some time I had been troubled by my kidneys. My back ached, and I had pains in my sides, but Doan's Kidney Pills cured the trouble."

Price 50c, at all dealers'. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Adams had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

TO ACCEPT MT. DESERT PARK.

Tract of 5,000 Acres Offered Government as Memorial to Early Settlers.

Washington, D. C., May 4.—President Wilson was asked yesterday to accept on behalf of the government a tract of 5,000 acres of land on Mount Desert island, Maine, as a national park and memorial to early settlers. Senator Johnson and Representative Peters of Maine, with representatives of property owners, saw the president on the subject. The park probably will be accepted.

Acid Exploded.

Providence, R. I., May 4.—The explosion of a tank containing nitric acid smashed windows and partly wrecked the Industrial Chemical company's plant at 2:30 yesterday afternoon. Windows in the East Bolt & Nut company were shattered. Employees of the plants which adjoin were uninjured.

The Time Not Ripe.

Washington, May 4.—Action was indefinitely postponed yesterday by the Senate foreign relations committee on all pending resolutions affecting foreign affairs of the United States, either with regard to Mexico or peace in Europe. It was inopportune for any action or expression of opinions relating to peace or to war.

A Perfect Complexion

Your social duties demand that you look your best and in good taste at all times. Ladies of Society for nearly three-quarters of a century have used

Gouraud's Oriental Cream to obtain the perfect complexion. It purifies and beautifies. The ideal liquid face cream. Non-greasy, the cream is not detected. Send 10c. for trial size.

Barre, Vt.

SWIFT & CO. GUILTY.

Packers Convicted of Violation of the Interstate Commerce Laws.

Chicago, May 4.—The packing firm of Swift & Co. yesterday was found guilty by a jury in the federal court of violation of the interstate commerce laws. The maximum penalty which can be imposed is a fine of \$325,000.

The government charged that the company shipped less than carload lots to points in Michigan at carload rates. A motion for a new trial will be heard Friday.

Held on Robbery Charge.

Nashua, N. H., May 4.—Ralph Dodge, formerly of Haverhill, who is believed to

have committed 37 breaks in five weeks in this city, was yesterday held for the grand jury in \$2,000 bonds.

BARRE PEOPLE PRAISE

SIMPLE MIXTURE

Many in Barre praise the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika. This remedy is the most THOROUGH bowel cleanser ever sold, being used successfully in appendicitis. ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it, the gases rumble and pass out. Adler-ika cannot gripe, and the INSTANT action is surprising. Cummings & Lewis, druggists, 54 North Main street.—Adv.
